

## PREPARATION

Preparation will involve two or three meetings with the priest who will conduct the ceremony. If you live outside the Sacred Heart Parish these meetings will be held with the priest from your local parish. During these meetings the necessary paperwork will be completed, certificates sought and where necessary dispensations applied for. You will have time to plan the ceremony in detail with the priest. There will also be a rehearsal in the church for the wedding at a mutually agreed date and time.

You will be expected to attend a marriage preparation course arranged through the diocese. The priest will give you further information, but details of planned courses can be found at
